My year as NDBA Chairman will provide many opportunities to listen and receive feedback in order to strengthen the association and enhance the industry. I look forward to developing and renewing friendships along the way and hope to see you the week of September 11-14.

Kevin Brown entertains, inspires and challenges people to show up every day and make a positive difference at work and in life!

The HERO Effect™ - Being your best when it matters the most!

Kevin's unconventional path to business and personal success taught him that winning in business and in life requires anything but conventional thinking.

He grew up in Muskegon, Michigan, where his blue collar roots taught him the value of hard work and determination. His resume includes an eclectic mix of career stops that ultimately led him to the purchase of a franchise at the age of seventeen.

Years of overcoming struggles and fighting against the odds to succeed revealed to Kevin that he was surrounded by people who selflessly poured into him, even when he didn't deserve it. These people were everyday heroes to Kevin and become the inspiration behind his powerful HERO™ program.

Kevin is on a mission to help people and organizations embrace a simple philosophy that separates world-class organizations and high performance people from everybody else. He is passionate about helping people expand their vision, develop their potential and grow their results. And, as the father of an autistic child, he knows firsthand how the principles of true success reach beyond the boardroom and into the lives of real people facing the challenges of everyday life.
